

cSet\_t

```
graph BT; cnode[cnode] -.->|set| cSet_t[cSet_t]; cnode -- next --> cnode;
```

The diagram illustrates a pointer relationship between two variables. At the top, a white rectangular box with a black border contains the text 'cSet\_t'. Below it, a black rectangular box contains the text 'cnode' in white. A dashed purple arrow points from the 'cnode' box up to the 'cSet\_t' box, with the label 'set' positioned to the right of the arrow. A curved purple arrow points from the right side of the 'cnode' box back to itself, labeled 'next'.
